

Create following layouts using css grid.

This screenshot shows a browser window displaying a website layout using CSS Grid. The layout includes a header, a main content area, and a sidebar.

**Header:** A blue header bar with the text "My Awesome Website".

**Sidebar (Left):** A dark grey sidebar containing four buttons: "Home", "About", "Services", and "Contact".

**Main Content Area:** The central area contains the following content:

- A section titled "Welcome to Our Page!"
- A paragraph of text: "This is the main content area of our website. Here, you'll find all the important information, articles, and features. The CSS Grid makes it easy to arrange these different sections of the page in a clean and organized manner."
- A note: "On larger screens, you'll see a header at the top, a navigation sidebar on the left, this main content in the center, and a separate sidebar on the right. At the very bottom, there's a footer."
- A note: "Try resizing your browser window to see how the layout adapts. On smaller screens (like mobile devices), the grid will automatically reflow to stack all sections vertically, ensuring a great user experience regardless of device."
- A paragraph of dummy text: "We've included some dummy text here to demonstrate content flow within the main section. Lorem ipsum dolor sit amet, consectetur adipiscing elit. Sed do eiusmod tempor incididunt ut labore et dolore magna aliqua. Ut enim ad minim veniam, quis nostrud exercitation ullamco laboris nisi ut aliquip ex ea commodo consequat. Duis aute irure dolor in reprehenderit in voluptate velit esse cillum dolore eu fugiat nulla pariatur. Excepteur sint occaecat cupidatat non proident, sunt in culpa qui officia deserunt mollit anim id est laborum."
- A note: "Feel free to explore the possibilities of CSS Grid for your own projects!"

**Right Sidebar:** A light grey sidebar containing two sections:

- Recent Posts:** A list of four articles:
  - Article 1: Grid Layout Tips
  - Article 2: Responsive Design
  - Article 3: Web Performance
  - Article 4: Modern CSS
- Categories:** A list of three categories:
  - Tutorials
  - News
  - Reviews

**Footer:** A black footer bar with the copyright notice "© 2025 My Awesome Website. by - ravindra."
